## Curtain Measuring Guide

**How to measure your windows (please use centimetres-cm):**

- 1. Track Width:** Measure your track. If there is no track measure the outside edges of the frame.
- 2. Window Length:** Measure from the top of the track to the bottom of the windowsill.
- 3. Drop Length:** Measure from the top of the track to the floor.

We do not supply curtains for spare bedrooms, offices, studies, bathrooms, kitchens. Kitchen curtains are only provided if part of the living area, e.g. open plan.
